

Policy for Quality

LifeWatch ERIC is committed to consistently developing and providing high-quality services that align with its Strategic Working Plan, stated objectives, regulatory requirements and the expectations of its stakeholders, particularly the scientific community.

In line with our Culture, Mission and Vision, LifeWatch ERIC continuously improves the effectiveness of its Management System to build trust and maintain the highest level of stakeholder satisfaction over time.

This policy is implemented through a robust Quality Management System and is reviewed annually as part of the Management Review meeting to ensure it remains effective, and relevant for evolving needs of its stakeholders.

On behalf of the Executive Board of LifeWatch ERIC

Christos Arvanitidis
